

Approved Continuing Education Courses

The Kansas Home Inspectors Registration Board recognizes the following institutions as having requirements for approving education courses which meets the requirements established by the Board in K.S.A. 130-5-1. The Board therefore shall provide advance approval for all courses provided by any vendor which has been approved by:

American Society of Home Inspectors
interNational Association of Certified Home Inspectors
National Association of Home Inspectors

The Board does however reserve the right to resend this approval if it feels a particular course or vendor fall outside the requirements established by the Board.
